## Updating Your Credit Card

---

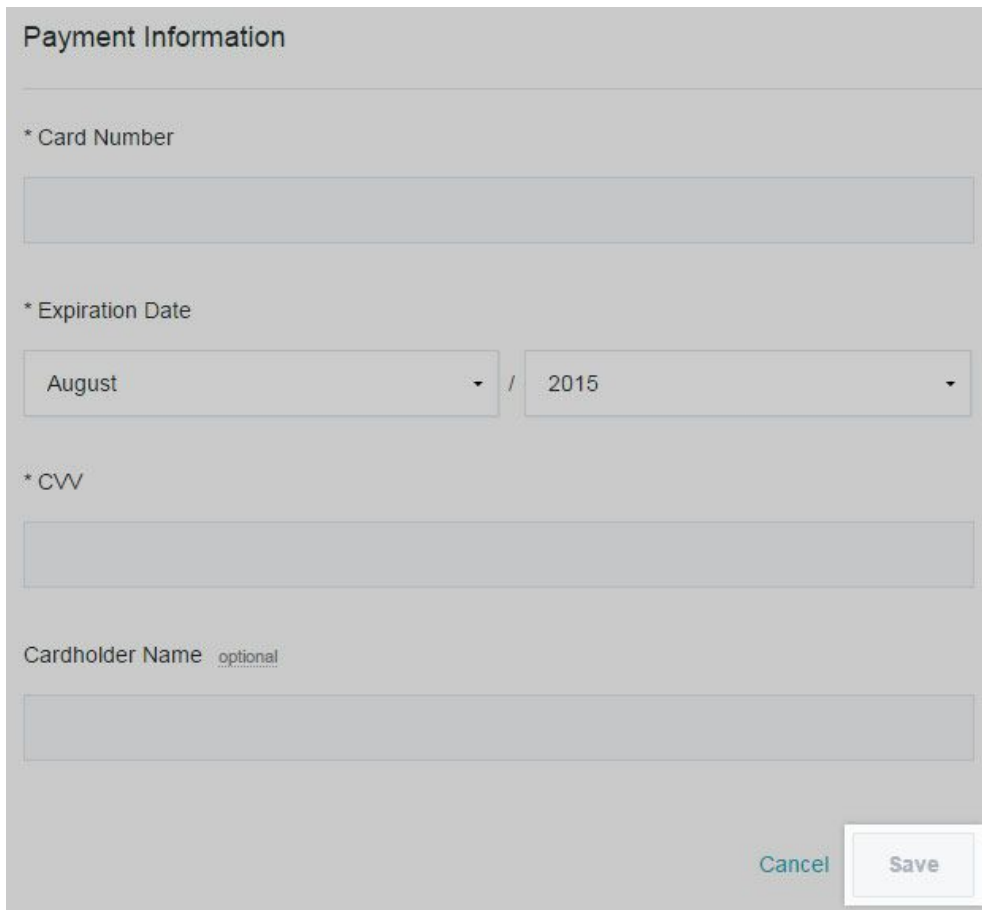

1. Log in to your [client area](#) using your **owner** user credentials (see [Managing Billing and Account Details](#) for more information).
2. Click **Update billing details** in the account summary box on the right side of the screen.

3. Click **Change** to the right of the Payment Information section label.

4. Enter the required payment information, then click **Save**.

A screenshot of a 'Payment Information' form. The form has a title 'Payment Information' at the top. Below the title, there are four input fields. The first is labeled '\* Card Number' and is a single-line text box. The second is labeled '\* Expiration Date' and consists of two dropdown menus separated by a slash; the first dropdown shows 'August' and the second shows '2015'. The third is labeled '\* CVV' and is a single-line text box. The fourth is labeled 'Cardholder Name optional' and is a single-line text box. At the bottom right of the form, there are two buttons: 'Cancel' and 'Save'.

Once saved, your updated payment information will be used starting with the next billing cycle.

## Accepted Payment Types

---

The following card types are accepted as either credit or debit cards.

- Visa
- MasterCard
- American Express
- JCB

While we do also accept prepaid versions of these same card types, we do not recommend their use. Based on your issuing financial institution and country of origin, they may or may not be usable in our system. Additionally, given that our invoicing is recurring, using a prepaid card is not advisable.
